Selected Information-Substantially All Disclosures Required by the Modified Cash Basis  
Financial Reporting Framework Are Not Included

September 30, 2022

---

**Note 1:           Applicable Financial Reporting Framework**

The accompanying financial statements have been prepared on the modified cash basis of accounting; accordingly, revenues are recognized when earned, and expenses are recognized when paid rather than when incurred. This is a basis of accounting other than accounting principles generally accepted in the United State of America.

**Note 2:           Management's Election to Omit Disclosures**

Management has elected to omit substantially all of the disclosures ordinarily included in financial statements prepared in accordance with the modified cash financial reporting framework. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the company's assets, liabilities, equity, revenue and expenses. Accordingly, these financial statements are not designed for those who are not informed about such matters.
